

CERTIFICATE OF CONFORMITY

TRADING WITH ALGERIA

Intertek's Total Quality Expertise supporting
Exporters and Importers to comply with the
Conformity Assessment Programme in Algeria

In March 2011, the Algerian Ministry of Commerce published a note to all importers reminding them of the obligation to submit a proof of conformity for all shipments entering Algerian territory; this is to ensure that they meet legal and regulatory requirements that affect them.

This obligation is enforced by law 09-03, dated 25/02/2009, and decree 05-467 dated 12/12/2005, on conditions and procedures of conformity control of imported goods at customs. Intertek is able to assist exporters to Algeria in complying with these requirements by offering conformity verification against local or international standards as well as inspection services to obtain the necessary Certificate of Quality/Conformity.

How can I proceed?

Every consignment of imported goods which contains regulated products must be accompanied by a Certificate of Conformity (CoC) issued by your local Pre-Export Verification of Conformity (PVoC) Country Office prior to shipment.

- Contact your local Intertek office, details can be found at www.intertek.com/government
- Our export consultants will go through the inspection document and if needed test requirements with you and supply you, on the same day, with a quote for the work with details of our terms and conditions.
- Then supply us with your export documents, these can include Certificate of Origin, Test Reports (if applicable), Letters of Credit (LC), Final Invoice and the packing list.
- Upon receipt we will arrange with you a mutually convenient date, time and location for the inspection to be carried out. This can normally be arranged within a maximum of 48 hours of your initial call to us.
- Your Certificate of Quality/Conformity will then be issued within a maximum of 24 hours of the inspection if the results are satisfactory.

Exporter routes to certification for Algeria

CoC - Certificate of Conformity
CoQ - Certificat de Controle de Qualité

The Intertek Solution helping you export to Algeria

- Intertek is a member of the International Federation of Inspection Agencies and a partner to international government standards and inspection programmes.
